# Pro **Shiny** Server

*Questions & (not so much) Answers*

01/16/2019

# Background

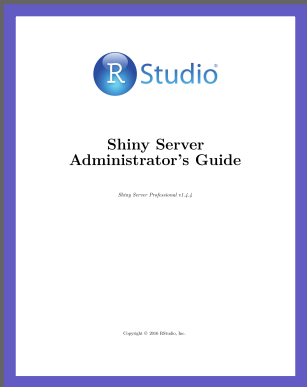

- Pro server license until November 11, 2020
- `http://155.206.139.85:3838`
  - Soon → <http://shiny2.nefsc.noaa.gov>
- From Dave Hiltz:
  1. Share up the app & log directories  
`//net/shiny2/`  
`//net/shiny2_logs/`
  2. Install all the libraries that everyone uses
  3. Setup a web proxy so **shiny2** is available on the Internet

# Topics for discussion

- First and foremost, consult the Shiny Server Pro Admin Guide v1.5.12

- App management
  - 2.7 Hosting Model
    - 2.7.1 Host a Directory of Applications
- App authentication
  - e.g., **G**
- Local app configurations
- Admin interface

# Next steps

 <https://github.com/PSB-Turtle/NEFSC-Pro-Shiny-Server> 

1. Draft guidance document
2. Strategize about long-term funding
3. What else?
